

# ARCADIS

## Recovery Act Toolkit

A reporting and tracking tool for compliance with the American Recovery and Reinvestment Act.

## New Opportunities. New Challenges.

While the federal government's Recovery Act opens the door to unprecedented funding and development for the nation's infrastructure, it comes with a higher level of data management and reporting provisions.

Add to that the government's requirements for transparency, accuracy and accountability and your reporting obligations may be more difficult than ever.

ARCADIS

## ARCADIS Can Help You Maintain Recovery Act Compliance.

**ARCADIS has a customized solution that lets you focus on your programs, not data management. The ARCADIS Recovery Act Toolkit is a set of services engineered to help your agency meet the accountability requirements of the American Recovery and Reinvestment Act. It is built on a powerful web-based portal that will fulfill your reporting obligations by providing:**

- Tools to help comply with Recovery Act reporting requirements
- Multiple levels of reporting and transparency
- Data and financial metrics evaluation for progress analysis
- Detailed real-time reporting on program status
- Coordinated status updates among multiple agencies
- Modeling techniques for estimating jobs created
